

The History of UTSC Project presents

Spaces & Places

What makes a place?

Inspired by the stories of UTSC community members, the Spaces & Places guided walking tour asks us to reconsider what our favourite spaces on and around UTSC truly represent.

How to Access the Tour

1

Once you have found a Spaces & Places tour sign on campus, use a compatible device to scan the QR code on it. This will lead you to a selection of stories that happened at that very spot, told by members of the UTSC community themselves.

2

Visit <https://historyofutsc.ca/tour/> to experience UTSC's history at your own pace.

Tour Sign Location Index
